

A Global Celebration of Faith, Courage and Compassion

Ireland South West Unit

24 December 2025

The Sisters in the Ireland South West Unit responded to the invitation in the Global Presentation Activity Guide to witness – *A Global Celebration of Faith, Courage and Compassion*. Each community lit a lantern, candle or small flame at sunset on Christmas Eve, a reminder that nano's lantern still burns brightly through each of us, illuminating paths of compassion, justice and hope. We took a few quiet moments to reflect on how we could continue to bring light into the world – through kindness, courage and everyday acts of justice.

Finally, photographs were taken of the light and all lights and were compiled into a video, backed with the beautiful song, *Rise O People* (International Presentation Association), so that together, our collective light would contribute to the global symbol of the enduring Presentation spirit. You can watch the video [here](#)
